

Dear Orange Gun Club,

Over the past two weeks, I have gone through the 2018 Massachusetts Junior Conservation Camp. Throughout camp, we were shooting rifles, shotgun, and black powder. We also had a bunch of different night programs. But I would not be home from being at camp, without you guys!!

I had so much fun. I enjoyed every bit of camp. Even if they woke up all the group with the most annoying song ever! It was an amazing experience, and I could not thank you guys enough!

It was such a good experience that the camp wanted me back next year for free! So, I get to go back and re-live my amazing experience at camp!

Thank you so much!

Sincerely,
Elizabeth Whitney
