

Orange Gun Club, Inc. Current Info about Traps

You might notice that there hasn't been any competitive trap shooting yet in 2017.

The great support staff we had running the program for the past years each had a personal issue come up which prevents them from continuing the fantastic job they were doing.

OGC is looking for someone (or a team to share the load) to take over the reins and get us back up and running on the trap range.

If Sunday morning, Tuesday and Thursday seems like too much just reinstating our Sunday morning program would be a great start.

OGC has traditionally always had trap shooting on Sunday mornings. It would be a shame to leave the trap range idle, especially on Sundays.

If anyone has an interest, please stop by the club.

THANK YOU
